

Huronia

WISHING YOU A SAFE, HAPPY HOLIDAY AND ALL THE BEST FOR 2017.

Looking back as we always do at this time of year, I'm thrilled at all we have accomplished as an organization. New GPS tracking units for our service and installation vehicles, new ID badges for all our employees, new automated telephone answering systems to increase efficiency for our Customers ... and as part of that initiative we also donated our previous equipment to the [Wye Marsh Wildlife Centre in Midland, and Habitat for Humanity in Collingwood](#).

I am also honoured to work with such a giving group of individuals. Helping the communities that we service is important for us - both in terms of monetary contributions, but also in terms of time our employees dedicate to causes close to their hearts. We are proud to report that we helped the [6hrs of Gibraltar raise in excess of \\$96,000](#) (to benefit My Friend's House), [the Midland Y's Men's Club raise \\$6,000](#) (benefiting Huronia Transition House) through the Walking a Mile in Her Shoes event, and Roger Gallant from our Collingwood office raised an impressive \$625 for the same [Walking a Mile](#) event that was held in Collingwood this summer. Our Collingwood office has once again become an [adoption sponsor for the Georgian Triangle Humane Society](#) for 2016-2017. They also continue to support Big Brothers Bowl for Kids Sake, raising an impressive \$1030 this year. Our Midland office made a [noteable in-kind donation](#) to Wendat Community Programs to help support senior care and care for adults with mental health needs.

Our ULC listed Monitoring Station in Midland once again [achieved 5-Diamond Certification](#) from the Central Station Alarm Association. This certification confirms that our station operators are proficient and excel at communications with customers, law enforcement agencies and fire and emergency services communication centers.

We also continue to be a Member in good standing with the Canadian Security Association's "[Accredited Security Contractor Program](#)" - a program that outlines best practices for electronic security companies to follow. There are only a handful of security companies in Ontario that have achieved this accreditation, and I am proud that Huronia continues to attain this designation year after year.

I am excited for what lies ahead in 2017. We have plans to continue to bring on new faces to help build our sales, installation and service teams. And of course we intend to bring on new products, new services and new technologies as well. All to keep you and your family safe, secure and sound.

From all of us at Huronia, we want to wish you and your family a very Happy Holiday and all the best in 2017. ~Kevin Leonard, A.Sc.T, President & CEO

Valid only while supplies last. [Click here for all the details](#). And click below to watch the Sonos line-up in action.

REMEMBER TO CHECK YOUR SECURITY SYSTEM TO ENSURE IT IS IN WORKING ORDER.

With the holiday season upon us, it means time away from home. Whether it is evenings out, trips out of town or (hopefully) time spent away on vacation. This leaves your home or business vulnerable to environmental damage like broken pipes, ice coming through a window, or in some instances a break-in.

We would ask all of our security system customers to regularly check their systems to ensure they are working properly. CCTV camera systems need special attention every day to be sure they are online, recording (if designed to do so) and that any ancillary functions - send to website, remote access, etc. - are all in working order. Some of our systems allow you to activate a "watchdog" feature that we can monitor when one of these critical functions fails.

If you are going to be away from your premises on vacation, [please contact us in writing](#) and provide us with your contact information in case of an emergency. Email us at monitoring@huronialarms.com.

HURONIA HOLIDAY HOURS

Please note the following dates and hours that Huronia will be open during the holidays:

- Monday, December 26; closed
