

## Huronia

### SONOS BLACK FRIDAY OFFER!

**SONOS**

**PLAY:1 \$50 off**

Just \$199 for a limited time.

For the first time in history, SONOS is offering a Black Friday Shopping promotion and Huronia is able to extend this offer to our Customers! The **mini-but mighty Play:1 speaker** will be available to purchase for only \$199 (that's a savings of \$50). This offer is available **ONLY** from Thursday, November 24th (12:01am PST) - Monday, November 28th (11:59pm PST) so **get in touch with us ASAP** to claim this amazing discounted offer. Valid only while supplies last. **[Click here for all the details.](#)** **[And click here to watch all that Play:1 has to offer.](#)**

### WELCOMING A NEW FACE TO THE TEAM!

Please join us in welcoming Justin Prentice to the Huronia team! Justin is the most recent addition to our **[Collingwood location.](#)**

He will be working primarily with the **[lock & key](#)** team, having just recently graduated from the **[Academy of Locksmithing.](#)**

His background in home renovations, however, means that he will also be supporting the **[audio video](#)** team as well as the **[security team.](#)**

We are thrilled to have Justin on board!

Justin Prentice, Locksmith and  
Cabling Technician

### NEW CERTIFICATIONS FOR OUR TECHNICIANS.

Ongoing training and (re)certification are an important part of our commitment to improving the customer experience and staying current with changes in industry regulations.

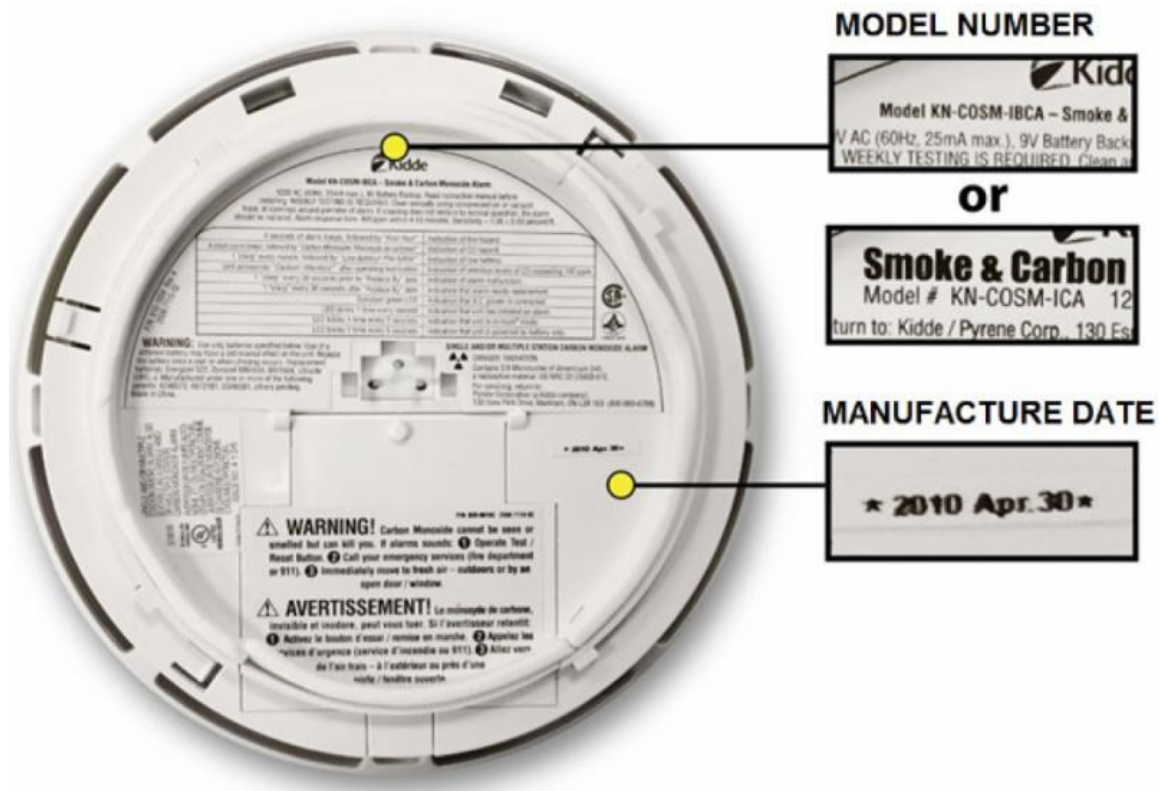

Recently Chris Mazur, James Boileau and Taylor Lalonde have completed

their [Canadian Fire Alarm Association](#) certification. This training means that Chris, James and Taylor are one step closer being able to perform fire alarm system inspections, testing, verifications and maintenance on their own accord once they have completed their onsite inspection hours as apprentices.

They will officially join our Fire Safety team as it continues to grow to meet the increasing demand for fire safety product installations and ongoing maintenance. Congratulations Chris, James and Taylor!

## HARDWIRED KIDDE NIGHTHAWK SMOKE DETECTOR AND CARBON MONOXIDE ALARMS RECALLED

There has been a national recall of 1.5 million Kidde NightHawk smoke detectors and carbon monoxide alarms - specifically the KN-COSM-IBCA and KN-COSM-ICA models that were manufactured between June 2004 and March 2011. The issue is that they may not "chirp" to alert home owners that there is an emergency. The model number is located on the back of the devices as shown below.

For more information about this recall and how to get your free or discounted replacement, [please click here](#), or call Kidde Canada at 1-855-239-0490.

If you would like a different manufacturers make and model of [smoke detector](#) or [carbon monoxide alarm](#) installed, please [get in touch with Huronia](#).
